

Science

Animals including humans

Pupils will work scientifically by researching the gestation periods of other animals and comparing them with humans; by finding out and recording the length and mass of a baby as it grows.

Maths

Decimals

Position and Direction

Statistics

RE

We are learning to understand how Christians show their commitment to God and to evaluate if there is a best way.

Computing

YouTuber

PE

Tennis – Tuesday

Pupils develop their understanding of the principles of net and wall games. Pupils will have to think about how they use skills, strategies and tactics to outwit the opposition.

Cricket – Friday

In this unit pupils develop their understanding of the principles of striking and fielding. They expand on their knowledge of the different roles of bowler, wicket keeper, fielder and batter.

Summer 2

History and Geography

This term we will be having a cross curricular approach to history and geography as the pupils explore the local area looking at the location of Tilehurst and using grid references to locate specific places within the village. They will also look at the change in buildings and roads in the village over time.

English

Narrative Writing – The Nowhere Emporium

Children create their own book of Wonders

Poetry

Spellings and Grammar

Pupils will continue to look at the year 5 spelling and grammatical rules.

PSHE – Changing Me

Children will learn about being aware of self-image and how their body image fits into that. They will also learn about how a girl's and boy's body changes during puberty and understand the importance of looking after themselves. They will also learn about conception and IVF and finally looking ahead to becoming a teenager.

Art – Digital Art

Pupils will be looking at digital art and how photos can be used to describe an area.
